A Disease that Wrecks the System

Every function is deranged. every nerve unstrung, every muscle and fiber weakened by fever and ague It is, in fact, a disease which if unchecked, eventually wrecks the system. In all its types, in every phase, it is dangerous, destructive Stupor, delirium, convulsions often attend it, and cause swift dissolution But when combatted with Hostetter's Stomach Bitters its foothold in the system is dislodged, and every vestige of it eradicated That benign anti febrile specific and preventive of the dreaded scourge is recognized not only within our own boundaries, but in tropic lands far beyond them, where intermittents are fearfully prevalent to be a sure antidote for the malarial poison and a reliable means of overcoming disorders of the stomach, liver and bowels, of which a vitiated torrid atmosphere and brackish miasm stained water are extremely provocative All emigrants and travelers should be supplied with it

It affords us much pleasure to note the alacrity with which some of the insurance adjusters pay the losses of the assured. Our attention has been specially called to the payment of L. Wintermantel of $1300 in full of his loss on his hotel and furniture Mr Wintermantel was insured in the St Paul Insurance Co of Minnesota, one of the many equally good companies represented by the noted firm of Hutchinson & Mann of San Francisco. Mr. W L Chalmers, their very efficient and gentlemanly adjuster, upon examining Mr Wintermantel's loss, promptly drew his check for the amount within less than forty eight hours after the conflagration, and twenty four hours in advance of any loss paid by either of the other companies The Hutchinson & Mann Agency is represented in this county by JNO S GILSON *

VERDI PLANING MILL COMPANY.—Are prepared to supply all patrons with everything in the lumber line required in the construction of a building, rough and finished lumber, doors, mouldings, cornice, windows, ect. ect., at the old prices. Any one wishing anything in our line will be promptly supplied by addressing the Verdi Planing Mill Company, Verdi Nevada. *

LOSS PAID

ON A POLICY THAT THE PREMIUM WAS NEARLY FIVE YEARS OVER-DUE.

To the General Agent of the New England Mutual Life Insurance Company, of Boston:—DEAR SIR—The undersigned, friends of the late PELEG BROWN, take pleasure in subscribing our names to the following facts, believing it just that the public should know the equity and beneficence of the Policies issued by your Company Mr. Brown held Policy in your Company No. 29 585 for $10,000, bearing date Nov. 14, 1867, upon which he had paid seven premiums, the last premium having been paid in 1873, and at the time of his death, which occurred Sept. 9, 1878, there remained due and unpaid the premiums for 1874, 5, 6 and 7. Your Company working under the Equitable Massachusetts Lapse Laws, pays Mrs Brown the widow, this day through Wm Hickok, agent at Virginia City, the whole policy, less the unpaid premiums due, to wit **$8,132.43.** In doing this you have exemplified the beneficence of the Massachusetts Lapse Laws, and as the New England Mutual is the only Massachusetts Company doing business on this Coast, we therefore commend it to all who would provide against possible misfortunes as the only Company wherein the law of the State guarantees there shall be **No Forfeiture.**

Railroad Change.

On the first of the coming month a change will be made on the V & T The freight train will leave here at 7 45 in the morning and go through direct to Virginia, returning will leave Virginia at 2 in the afternoon and reach here at 6. Another freight leaves Virginia about the time the train leaves here in the morning and returns in the afternoon, making two round trips each day There will be no change in the lightning at present

Round House.

We hear that the Central Pacific Railroad have purchased from Alex Forbes a large tract at the west end of town If so, the Company are getting ready for starting in on the round houses contemplated for this place, when Reno becomes the end of the division.

Indefinitely Postponed.

Though all arrangements were perfected for extending the V. & T road to Bodie, the matter has been indefinitely postponed It is further announced, on seemingly good authority, that the Austin and Battle Mountain railroad project has been abandoned.

Sprained His Ankle.

Yesterday afternoon Johnny Quinn had the misfortune to sprain his right ankle, while engaged at work at the Convent building. The sprain is a very severe one, and will lay him up for a long time. Just now, when there is so much business, this is a peculiarly hard misfortune.

Correct.

The case of the State vs. Amanda Hyde was yesterday on trial before Judge Bowker, and the complaint was dismissed, and upon motion of the District Attorney the costs were charged up to Antone Rager, complaining witness.

Admitted.

C L Queen, Geo A Rankin and S A. Mann, have been admitted to practice in the United States Circuit Court.

JOHN SUNDERLAND went below last night to "fill in" sizes until his Eastern stock arrives.

Notes.

Large trains of cattle still go West.

Harry Dougan, who was shot in Bodie a few days ago, is said to be doing.

It commenced raining last night. It was storming on the mountains all day yesterday.

S. Austin is up from Wadsworth viewing the remains. He reports all quiet at the Hub.

C W. Crocker, of the firm of Sisson, Wallace & Co, was in town yesterday.

A large number of people from the Meadows followed Charley Gates to his last long home yesterday afternoon.

The man killed by the lumber falling upon him last Sunday was named McMann and not McCann, as published

A little wind was abroad in the land yesterday, but not enough to do any harm or be of any particular inconvenience

Reno people don't scare worth a cent at a fire The prices asked for building lots show this, as also do the very busy scenes presented by the builders on every hand.

Where the Academy of Music once stood a house is now being built We hope Reno will again have as good a theater as the one destroyed

The lot on the corner of Virginia street and the alley has been leased by E, Meyer, who will open a wholesale and retail tobacco and cigar store there.

Ah Chouey thinks by making a "Melican" man out of himself he will stand a better chance of escaping the gallows He wears his false moustache and talks English all the time and has succeeded in deceiving himself.

Rumor of Indians Killed.

Johnson Sides, a stalwart and intelligent Piute, dropped into our sanctum yesterday to know if we had heard that Indian John, Bob, and some other Indian, had been killed in Honey Lake Valley two or three days ago. We told him we had not heard anything of the kind He said he had, but came to us for particulars He seemed to think they might have been killed by some Pitt River Indians, on account of an old feud between the two tribe ; and if that was so, Sides told us there would be some lively Indian scrimmages pretty soon.

In the Mountains.

There are now about 300 men at work at Mayberry's getting out wood This number will be increased to 1 000 during the Spring and Summer The employment of this large number will have a good effect upon the business of Reno We know how it affected us two years ago, and at that time there were 800 at work To carry out the present contract will require the services of no less a number than we have stated

Musical Information.

Ninty thousand copies have already been sold of Will L. Thompson's famous song "Gathering Shells from the Sea Shore" It is thought that "Drifting with the Tide," this author's last composition, will even eclipse "Gathering Shells" in popularity. Any music dealer will mail either of the beautiful pieces to your address on receipt of price, 40 cents

Send orders to M Gray's Music Store, 105, Kearny St., San Francisco.

Feeding The Multitude.

The *Gazette* yesterday afternoon spread a free lunch and invited in a multitude to partake thereof For an hour or more the room was crowded and the various attractions and novelties were gazed at and commented upon by the various. A card giving various "mile posts" in the history of that paper, was given to each visitor. Fulton & Edwards were kept busy acting as hosts.

Lot For Sale.

The Baptist church folks want to sell their lot on Second street, and rebuild elsewhere. But if they cannot sell they well locate on the same site. The lot is better fit for business than church purposes, and we hope someone will buy it of the church Trustees

Bank Vault

Bender's bank is to be provided with a fine brick vault. The vault will be built around the present large safe.

HAVE your bill heads letter heads, cards, tags, etc., printed at the JOURNAL office. We have just received a new stock.

KEEP right on calling him Speaker Randall.

The Mines of Reno District.

"Miner" contributes to the *Enterprise* something of our mines. We take pleasure in reproducing the communication, which is as follows.

On my return from a brief trip to the mines in the northern portion of Humboldt County, I proposed to myself, and accepted the proposition, to stop over at Reno and take a look at the mines in this district of which much has been said of late through the press and otherwise, The mineral belt upon which all the locations are made (some fifty or sixty in number), is about five miles northwest from the town of Reno, in a new district called Reno District. The mineral belt has a general course of 1,000 to 1,500 feet wide On the west of this, and which is probably the foot wall of the fissure, is a belt of talcose slate, from three fourths of a mile to a mile wide On the east is a belt of dyke of trachyte which shows plainly on the surface for miles The mineral belt lying between these two formations is composed entirely of quartz, quarizite and vein porphyry

THE LEDGES

In some instances crop out boldly for miles, while others come to the surface in unequal distances in immense chimnies or "blow outs." Large quantities of chloride ore are found on the surface, sandwiched in and about these prodigious croppings Some half dozen companies are at work in different places along the lead, all seemingly well pleased with their prospects

THE CONSOLIDATED ESMERALDA,

A San Francisco corporation, of which, I am informed, Colonel Curtis of your city is the Superintendent, own sixteen locations in one body—ground enough to keep twenty companies at work for an indefinite period Through the politeness of Mr. Julien, who is directing the work in the absence of Mr Curtis, I was shown through the underground workings of this mine The company have a shaft down 115 feet. At 50 feet from the surface the shaft passed through a body of ore, apparently 8 or 10 feet wide On this a drift has been run north, following the west wall of the vein, something over 100 feet. At the 100 level a crosscut has been driven west 130 feet Forty or fifty feet west of the shaft the cross cut passed through the ore vein found at the 50 foot station Here the vein appears to be 12 or 15 feet wide. It is a peculiar character of ore, greatly decomposed, light and porous and of a dark brown color. I was shown a number of assays, ranging from $16 to $742 in gold and silver. The company have a substantial building (32x50) over their shaft, in which is located the hoisting machinery, blacksmith and carpenter shops They have a large quantity of ore piled up on the dump—300 or 400 tons, I should judge—which, it is said, will mill $100 per ton The company are making preparations to build a mill on the Truckee river, a few miles above Reno

The Mountain View, Loomis and Crystal are among the claims near the Esmeralda which are being systematically developed The Mountain View and Crystal, especially, are showing up splendidly. From a hasty view of the situation, I am of the opinion that Reno will soon become an important mining district

A friendly understanding will be announced on Emperor William's birthday, whereby the Duke of Cumberland will renounce his claim to the throne of Hanover and Prussia will give her consent to the early abdication of the Duke of Brunswick in favor of the Duke of Cumberland

HORSES FOR SALE CHEAP FOR CASH —I have sixteen head of good horses comprising draft horses, buggy horses, and saddle horses; also two fine Norman colts, sired by my Norman horse Barnum; would make good stallions; they are from good blooded mares and are both dark grays For particulars apply to the undersigned at his farm, or by letter, Reno, Nevada. A A LONGLEY.*

FACTS FOR THE PEOPLE —The following facts are of great importance to the community, and they should be carefully read and acted upon by everybody in the county:

Fact 1 That L Abrams, to accommodate the public, has "resumed" in the building opposite the Granger store

Fact 2. That he sells better clothing for less money than anybody.

Fact 3 That he gives satisfaction in quality and fit.

For confirmation of the above facts ask any well dressed man in Reno *

FOR THE SUFFERERS—S Jacob has a large and varied assortment of piece goods and tailors' trimmings, which he will make up at his usual low rates Now is the chance for the sufferers to get good clothes at a bargain. He has put up a small building opposite Sunderland's boot and shoe store, on Virginia street, where he can be found. *

A. H. MANNING—Has received a car load of Cumberland coal, Cave Valley lime, plaster and hair. Also has his tin shop in working order in the rear of his brick store is prepared to do all kinds of work in that line. *

SWORN EVIDENCE.

The following Cure is probably the most remarkable ever effected by any medical preparation for the treatment of Catarrh:

Gentlemen,—I hereby certify that I have had Catarrh for ten years, and for the last six years I have been a terrible sufferer. I was rendered partially deaf, had buzzing in the head, pains across the temple, dizzy spells, weak and painful eyes, swollen and ulcerated tonsils, hard and constant cough, severe pain across the chest, and every indication of consumption. My head ached all the time. The matter accumulated so rapidly in my head and throat that I could not keep them free. Frequently at night I would spring out of bed, it seemed to me, at the point of suffocation. I would then have recourse to every means in my power to dislodge the mucus from my throat and head before being able to sleep again. For a period of six years my tonsils were ulcerated and so much inflamed that I could with difficulty swallow. I finally consulted an eminent surgeon in regard to an operation on them, but at his request postponed it. The constant inflammation and ulceration in my throat caused by the poisonous matter dropping down on it my head had a irritated and inflamed throat in general I coughed incessantly,—a deep, hard cough. Meanwhile my system began to show the effects of the disease, so that I lost flesh, grew pale, and showed every symptom of an early death by consumption. When matters had reached this stage, or about six months ago, I began the use of SANFORD'S RADICAL CURE FOR CATARRH. After using the first bottle I began to improve rapidly. The first dose seemed to clear my head as I had not known it to be for years. It seemed gradually to arrest the discharge. *It stopped my cough in three days.* By using it as a gargle I soon reduced the inflammation and swelling of my tonsils, so that they soon ceased to trouble me The soreness across my chest disappeared, the buzzing noises in my head ceased, my sense of smell and of hearing were completely restored, and every symptom of disease that had reduced me to the verge of the grave disappeared by the use of SANFORD'S RADICAL CURE FOR CATARRH.

I have been thus explicit because, as a druggist, I have seen a great deal of suffering from Catarrh, and hope to convince many that this is a great remedy

I am familiar with the treatment of Catarrh as practised by the best physicians, and have consulted the most eminent about my case. I have used every kind of remedy and apparatus that have appeared during a period of six years past, and have, still following their use, taken great care of my general health, but obtained no relief or encouragement from any of them * * * * * *

COLLINS' VOLTAIC PLASTER

Affords the most grateful relief in all Affections of the Chest and Lungs.

CHRONIC PLEURISY CURED.

MESSRS WEEKS & POTTER: *Gentlemen.*—Having for many months past suffered with a very lame side, called by my physician Chronic Pleurisy, caused by a former injury and strain, and for which I used many prescriptions and liniments, as well as the so-called rheumatic cures, without the least benefit, my physician recommended one of your COLLINS' VOLTAIC PLASTERS, which, to my great surprise, relieved the pain and soreness almost immediately, and I have been able to attend to my household affairs ever since with perfect ease and comfort, whereas, before the application of your invaluable Plaster, I was scarcely able to do anything I consider them inestimable, and shall with pleasure recommend them to the afflicted. Yours respectfully, Mrs. FRANCES HARRIMAN.

ORLAND, Me., April 21, 1876.

There is no medical or protective appliance that will prove so grateful and effective in Tickling Coughs, Irritation and Soreness of the Chest and Lungs We believe them capable of preventing serious diseases of these organs.

PRICE, 25 CENTS.

Do not confound these Plasters with the ordinary Plasters of the day, that by comparison are absolutely worthless

Be careful to obtain COLLINS' VOLTAIC PLASTER, a combination of Electricity Voltaic Plates with a highly Medicated Plaster, as seen in the above cut Sold by all Wholesale and Retail Druggists throughout the United States and Canadas, and by WEEKS & POTTER, Proprietors, Boston, Mass.
